## **Morton County Mitigation Survey Still Open — Have You Taken It Yet?**

The Morton County Multi-Hazard Mitigation Plan Update survey has been available since early spring, and we're inviting residents who haven't yet participated to share their input. This plan, updated every five years, helps identify and prioritize projects that strengthen community safety and guide future funding.

Your feedback is vital to spotting gaps in emergency preparedness and shaping projects that protect our county.

### **How to Participate:**

- **Online:** Visit <https://www.surveymonkey.com/r/MortonCountyMitigationPlan>
- **Scan:** Use the QR code below for quick access.
- **In Person:** Pick up a paper copy at city halls in Almont, Flasher, Glen Ullin, Hebron, Mandan, New Salem, or at the Morton County Courthouse (entrance lobby and Emergency Manager's office).

The survey is also available on the Morton County and City of Mandan websites.

For questions, contact:

- **Patrick Martin, Morton County Emergency Manager:** 701-667-3307
- **Daniel Schwartz, Planner, Nexus Planning & Consulting:** 701-989-7970
